

## **Peer Review and Ethical Policy**

### **Peer Review Policy:**

Alhamd Research Journal follows a double-blind peer review process to ensure the quality and integrity of published research. Each submission is reviewed by two reviewers:

One national reviewer: An expert in the field from Pakistan.

One international reviewer: An expert in the field from outside Pakistan.

Reviewers are selected based on their expertise and are blinded to the authors' identities. The review process is rigorous and constructive, aiming to improve manuscript quality.

### **Ethical Policy:**

Alhamd Research Journal adheres to the ethical standards set by the Higher Education Commission (HEC), Pakistan. Our policy ensures:

**Authorship:** Authors are responsible for the originality, authenticity, and accuracy of content.

**Plagiarism:** Submissions undergo plagiarism checks; any detected plagiarism leads to rejection.

**Conflict of Interest:** Editors and reviewers declare conflicts; impartial decisions ensured.

**Data Integrity:** Authors ensure data accuracy, transparency, and reproducibility.

**Ethical Approval:** Research involving humans/animals requires ethical approval.

**Copyright:** Authors retain rights; journal publishes under Creative Commons license.
